Certified Scrum Product Owner Course

Presenters: These courses are conducted by Scrum Alliance-authorized Certified Scrum Trainers.

Dates:

- *See www.unicom.co.uk/cspo for upcoming course dates and locations*

Course Details:

The role of Product Owner is key to the success of any Scrum Team. The Product Owner is responsible for prioritising the work of the team in order to maximise return on investment and provides the vision and guidance to the team, bridging the potential gap with the customers and business.

Content:

This 2-day course employs practical exercises, case studies and discussions to provide everything that a Scrum Product Owner needs to know to be able to drive a successful Scrum Project. Participants who complete the course successfully will be designated Certified Scrum Product Owner (CSPO). This Certification includes two years' membership of the Scrum Alliance, where additional materials and information is available to CSPO's.

Unlike the Certified ScrumMaster (CSM) course, the CSPO course is not examined and you will automatically be granted CSPO status once you are registered with the Scrum Alliance.
