www.unicom.co.uk/prince2

BACKGROUND:

The PRINCE2 Examination Board has determined that all PRINCE2 Practitioners should be re-registered within 3-5 years of their original certification. UNICOM's course is focused on reviewing and revision of the Practitioner Level followed by the new format examination.

The topics covered are:

- Revision of the delegates' understanding of the themes, principles and processes of PRINCE2
- PRINCE2 Process Model
- Business Case
- Organisation
- Plans
- Risk
- Quality
- Change
- Progress

All topics will be illustrated by case study exercises and sample examination questions.

PRE-COURSE MATERIAL:

We have developed a range of on-line Practitioner material to help delegates with the new format of the Practitioner examination. Delegates will have access to this material from about two weeks before the course. Candidates will be expected to complete a range of exercises before the course starts.

Even though they are not taking the Foundation examination, candidates should revise and have at their finger-tips, the information covered in the Foundation examination syllabus. Delegates have access to about Foundation style examination questions to revise before the start of the course.

EXAMINATION FORMAT:

The PRINCE2 Re-registration exam has become an Objective Test Exam. This re-registration examination comprises a 1-hour examination set at the same standard as the Practitioner examination.

- An overall score of 17 out of a possible 30 is required to pass
- Open-book examination
