Overview

What is the CKM? The CKM program is KM Institute's flagship course, delivered in up to 15 countries yearly, with many thousands Certified since 2001. The CKM designation has become the global benchmark for both quality learning and competency in the Knowledge Management field.

This virtual class includes expert instructor-led lecture and breakout sessions, designed to engage participants in real-life scenarios and applications to your personal and organizational challenges.

Who Should Attend?

The CKM is ideal for anyone tasked to lead or improve a KM initiative - anyone interested in gaining a solid grasp of common KM principles at an advanced level with actual "hands on" experience performing KM.

Pre-requisites?

There are no prerequisites, and no technical background is required. CKM Graduates range from newcomers to seasoned KM managers and practitioners, content managers, project managers, IT as well HR professionals. We serve individuals and teams from public, private, and military sectors, non-profits and NGO's.

FAQs

How to Complete Your Certification

STEP 1: Register for a Virtual Class

Choose a class that's convenient to your time zone and schedule.

STEP 2: Pre-Class E-learning

Start viewing our self-paced e-learning modules for optional study-ahead prep, accessible at the KM Institute LMS. Learners will be invited to view the e-learning modules in the LMS immediately upon registration and payment.

STEP 3: Attend the Virtual CKM Class

This virtual class includes expert instructor lecture and breakout sessions, designed to engage participants in real-life scenarios and applications to your personal and organizational challenges.

STEP 4: Study additional Online Learning Modules to prepare for the CKM assessment.*

The complete "eCKM" – e-learning version of the CKM course – is provided via our LMS, so that you may review self-study modules, and prepare for the CKM exam.

STEP 5: Certification

The CKM exam is the final step in obtaining your CKM credential. It tests your ability to apply best practices using your understanding of the concepts presented and discussed in class and via your online learning modules. As soon as the workshop concludes, each participant will gain access to the post-class certification exam via the online LMS. The exam is timed, multiple-choice, with 50 questions over 50 minutes. If you don't pass the first time, you will be able to retake the exam until a passing score of 70% is achieved. There is no extra fee for the exam; it is included in the cost of your certification course.

*The exam may be taken immediately after class, or you may spend extra time in study and review as needed.

Upon successful completion of the CKM exam, you will:

- Be awarded the CKM designation
- Receive a CKM certificate commemorating your accomplishment
- Be eligible to participate as a member of the CKM Alumni Community
- Enjoy continuous learning at the KMI "Knowledge Hub" (within the LMS)
